CONSIDERATION OF DIRECTOR NOMINEES

Shareholder Nominees

The policy of the Board Affairs Committee is to consider properly submitted shareholder nominations for candidates for membership on the Board as described below under "Identifying and Evaluating Nominees for Director." In evaluating such nominations, the Board Affairs Committee seeks to achieve a balance of knowledge, experience and capability on the Board of Directors and to address the membership criteria set forth below under "Director Qualifications." Any shareholder nominations proposed for consideration by the Board Affairs Committee should include (i) complete information as to the identity and qualifications of the proposed nominee, including name, address, present and prior business and/or professional affiliations, education and experience, and particular fields of expertise, (ii) an indication of the nominee's consent to serve as a director of the Company if elected, and (iii) the reasons why, in the opinion of the recommending shareholder, the proposed nominee is qualified and suited to be a director of the Company. Shareholder nominations should be addressed to Cleveland-Cliffs Inc, 1100 Superior Avenue, 15th Floor, Cleveland, Ohio 44114, Attention: Secretary. The Company's Regulations provide that at any meeting of shareholders at which directors are to be elected, only persons nominated as candidates will be eligible for election.

Director Qualifications

In evaluating director nominees, the Board Affairs Committee considers such factors as it deems appropriate, consistent with the Company's Corporate Governance Guidelines, the Board Affairs Committee Charter and other criteria established by the Board of Directors. The Board Affairs Committee's goal in selecting directors for nomination to the Board of Directors is generally to seek to create a well-balanced team that combines diverse experience, skill and intellect of seasoned directors in order to enable the Company to pursue its

Table of Contents

strategic objectives. The Board Affairs Committee has not reduced the qualifications for service on the Company's Board of Directors to a checklist of specific standards or specific, minimum qualifications, skills or qualities. Rather, the Company seeks, consistent with the vacancies existing on the Company's Board of Directors at any particular time and the interplay of a particular candidate's experience with the experience of other directors, to select individuals whose business experience, knowledge, skills, diversity and integrity would be considered a desirable addition to the Board of Directors and any committees thereof. In addition, the Board Affairs Committee annually conducts a review of incumbent directors in order to determine whether a director should be nominated for re-election to the Board of Directors.

The Board Affairs Committee makes determinations as to director selection based upon the facts and circumstances at the time of the receipt of the director candidate recommendation. Applicable considerations include (i) whether the Board Affairs Committee is currently looking to fill a new position created by an expansion of the number of directors, or a vacancy that may exist on the Board of Directors, (ii) whether the current composition of the Board of Directors is consistent with the criteria described in the Company's Corporate Governance Guidelines, (iii) whether the candidate submitted possesses the qualifications that are generally the basis for selection for candidates to the Board of Directors, and (iv) whether the candidate would be considered independent under the rules of the NYSE as set forth in Annex A and the Company's standards with respect to director independence. Final approval of any candidate will be determined by the full Board of Directors.

Identifying and Evaluating Nominees for Directors

The Board Affairs Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Board Affairs Committee regularly reviews the appropriate size of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Board Affairs Committee considers various potential candidates for director. Candidates may come to the attention of the Board Affairs Committee through current Board members, professional search firms, shareholders or other persons. As described above, the Board Affairs Committee considers properly submitted nominations for candidates for the Board. Following verification of the recommending shareholder's status, recommendations are considered by the Board Affairs Committee at a meeting.

MEETINGS OF NON-MANAGEMENT DIRECTORS; COMMUNICATIONS WITH DIRECTORS

In accordance with the NYSE's corporate governance listing standards, the Company's non-management directors meet at regularly scheduled executive sessions without management present. The chair of the Company's Compensation and Organization Committee has been designated as the Company's lead independent director. Shareholders and interested parties may communicate with the chair of the Compensation and Organization Committee, with the Company's non-management directors as a group or with the Board of Directors, by writing to Lead Director at Cleveland-Cliffs Inc, 1100 Superior Avenue, 15th Floor, Cleveland, Ohio 44114, Attn: Lead Director. The Board of Directors' independent directors have approved the process for determining which communications are forwarded to various members of the Board of Directors.

BUSINESS ETHICS POLICY

The Company has adopted a Code of Business Conduct and Ethics that applies to all Directors, officers and employees of the Company and its subsidiaries. The Code of Business Conduct and Ethics is available on the Company's website at <http://www.cleveland-cliffs.com> and is also available upon request at (800) 214-0739.

DIRECTORS' COMPENSATION

During 2004, Directors who are not employees of the Company ("Nonemployee Directors") received an annual retainer fee of \$32,500. The Lead Director received a \$6,000 annual retainer fee, and each committee chair received an annual retainer of \$3,000. Committee meeting fees and Board meeting fees of \$1,000 and \$1,500, respectively, were paid Directors for each meeting attended. Employee Directors receive no compensation for their service as Directors.

Table of Contents

The Board of Directors has a Nonemployee Directors' Compensation Plan (as Amended and Restated as of January 1, 2004) ("Directors' Plan"), which provides for a one-time award of 4,000 shares of Restricted Stock to new Nonemployee Directors. The Directors' Plan also provides that a Director, by the end of a four-year period, should either own (i) 4,000 or more Common Shares or (ii) Common Shares having a market value of at least \$100,000, known as Director Share Ownership Guidelines ("Guidelines"). If a Nonemployee Director meets the Guidelines in December annually, the Director may elect to receive all or part his Annual Retainer of \$32,500 for the following year in cash. If the Director does not meet these Guidelines, the Director is required to receive \$15,000 in Common Shares until he meets one of the two Guidelines. In addition, the Directors' Plan gives Nonemployee Directors the opportunity to defer all or a portion of their annual retainer and other fees, whether payable in cash or Common Shares.

Nonemployee Directors who joined the Board before January 1, 1999 were able to participate in either the Retirement Plan for Non-Employee Directors adopted in 1984 ("1984 Plan") or the Nonemployee Directors Supplemental Compensation Plan established in 1995 ("1995 Plan") (collectively "Plans"). The 1984 Plan provides that a Nonemployee Director elected before July 1, 1995, with at least five years of service, receives during his or her lifetime after retirement an amount equal to the annual retainer then paid to Nonemployee Directors. Under the 1995 Plan, a Nonemployee Director elected on or after July 1, 1995, with at least five years of service, receives after retirement a quarterly amount equal to fifty percent of the stated quarterly retainer in effect at the time of retirement for the period equal to the Director's service. Under either Plan, in the event of a "change in control" causing the Director's retirement, he or she receives the retirement payment prorated for any service less than five years. Directors who join the Board on or after January 1, 1999 are not eligible to participate in either Plan.

During 2003, the Board of Directors adopted respective amendments to the Plans to provide for a voluntary immediate lump sum cash-out election of the present value of the accrued pension and deferred benefits to all Nonemployee Directors participating under the Plans ("Participants"). The lump-sum benefit was payable on June 30, 2003 to those Directors electing this payout. Upon completion of the election process, the Company's only remaining pension obligation under these Plans is to one retired Director and to Mr. Ireland under the 1984 Plan, and to Mr. Morley under the 1995 Plan.

The Company has trust agreements with KeyBank National Association relating to the Directors' Plan, the 1984 Plan and the 1995 Plan, in order to establish arrangements for the funding and payment of the Company's obligations to Directors.

SECURITIES OWNERSHIP OF MANAGEMENT AND CERTAIN OTHER PERSONS

- (1) Under the rules of the SEC, “beneficial ownership” includes having or sharing with others the power to vote or direct the investment of securities. Accordingly, a person having or sharing the power to vote or direct the investment of securities is deemed to “beneficially own” the securities even if he or she has no right to receive any part of the dividends on or the proceeds from the sale of the securities. Also, because “beneficial ownership” extends to persons, such as co-trustees under a trust, who share power to vote or control the disposition of the securities, the very same securities may be deemed “beneficially owned” by two or more persons shown in the table. Information with respect to “beneficial ownership” shown in the table above is based upon information supplied by the Directors, nominees and executive officers of the Company and filings made with the SEC or furnished to the Company by any shareholder.
- (2) Included in the shares shown are Common Shares subject to options granted by the Company which entitle the holder to acquire said shares within 60 days from March 14, 2005. None of the Directors (excluding Mr. Brinzo) has any options outstanding. A Retention Unit is a bookkeeping entry that records a unit equivalent to one Common Share and is paid-out in cash, based on the value of a Common Share at the end of the three-year retention period. The values included for awards of Retention Units represent the value of the Retention Units based on the closing price of a Common Share on the date of award. Amounts shown for 2003 and 2002, for Messrs. Brinzo, Gunning, Calfee, Gallagher, and Kummer, represent the value of Retention Units awarded on February 3, 2003 and February 1, 2002, respectively.
- (7) Mr. Gunning was awarded 25,000 shares of Restricted Stock on March 10, 2003, one-quarter of which vested on the first and second anniversaries of the award, and one-fourth which will vest on the third and fourth anniversaries of the date of grant of the award.

(1) Estimated payout if certain performance levels are achieved.

The above table presents information about performance shares granted during the year pursuant to the Long-Term Incentive Program. Each performance share, if earned, entitles the holder to receive Common Shares in accordance with the above table, depending on the degree of achievement of specified Company objectives. The first two objectives are relative total shareholder return (share price plus reinvested dividends) and return on net assets (based on earnings before taxes, increased by after-tax interest expense) over a three-year performance period. Relative total shareholder return is determined against a predetermined group of mining and metal companies. A participant earns 50 percent of the number of performance shares awarded if achievement of either of these objectives is attained at the target level. Maximum payout is 150 percent of the performance shares granted and represents the number of Common Shares that would be earned if an outstanding level of both of the objectives is achieved by the Company. Threshold payout is 25 percent of the performance shares granted and represents the number of Common Shares that would be earned if a minimum level of either of the objectives is achieved by the Company. Participants are also evaluated based on subjective performance relative to the Company's strategic objectives, and awards can be adjusted up or down by 25 percent of the target opportunity in the discretion of the Compensation and Organization Committee based on this evaluation. Attainment of all three sets of objectives is measured on a separate basis. The number of Common Shares earned would be reduced to the extent necessary to prevent the value of the Common Shares paid to any participant from exceeding twice the market value of the Common Shares covered by the participant's grant on the date it was granted. The Compensation and Organization Committee has the discretion to make distributions in cash in lieu of stock.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Compensation Policies

The Company's Compensation structure is designed to attract and retain high-performing executives. It places a significant portion of compensation at risk with the performance of the Company, the organizational unit and the individual, increasing the portion at risk with the responsibility level of the individual.

Executive compensation consists of salary, annual bonus, long-term incentives, and other benefits. The Committee uses independent compensation consultants to develop a broad group of comparable industrial companies for use in competitive compensation surveys. The group of companies used for survey purposes is broader than the S&P Steel Group, which the Company has selected for the comparative stock price performance graph on page 15.

Salaries

The Company strives to maintain pay levels for Company executives at the 50th percentile of market survey data. Actual salaries reflect responsibility, performance, and experience. Salary increases are awarded periodically based on individual performance. In April, 2004, the named executive officers, excluding the Chief Executive Officer ("CEO"), received salary increases in the range of approximately four to ten percent, the first such adjustment since June, 2002. The CEO received a salary increase of 4.5 percent, his first increase since 2002.

Annual Bonus

The Company maintains a Management Performance Incentive Plan ("MPI Plan") which provides an opportunity for the executive officers and other management employees to earn an annual bonus in cash based on a bonus pool determined annually. The funded bonus pool for officers, including the named executive officers, can be zero and cannot exceed 200 percent of the officers' aggregate target bonuses. Upon approval of the Committee, an additional bonus pool of ten percent of target bonuses can be set aside for distribution at the discretion of the Chief Executive Officer. When used, discretionary awards will reward participants whose contributions to achievement of the Company's performance objectives exceeded expectations. The MPI Plan also provides that, notwithstanding the established performance standards for any year, and if otherwise warranted, the Committee has the discretion to set funding percentages up to 35 percent of the target bonuses for officers and up to 50 percent of the target bonuses for other management positions.

Since January 1, 2002, the MPI Plan used a "performance scorecard" with multiple performance standards to drive performance. For 2004, the Committee developed with its compensation consultant a scorecard targeted at those areas that would most directly improve shareholder value. The elements and their respective weightings are as follows:

Element	Weighting
Pre-Tax Earnings (Millions)	50%
Production Cost Per Ton	25%
Corporate Objectives	25%
Total	100%

In evaluating Company performance, the Committee compared actual 2004 operating results with the 2004 business plan, focusing on stated objectives used in the performance scorecard. Overall, corporate results for 2004 substantially exceeded Plan. Actual pre-tax earnings compared to the performance scorecard were outstanding as was progress on Corporate Objectives. However, actual production costs per ton exceeded the plan so that no payout was earned for this factor. The performance scorecard generated a total MPI bonus pool of 150 percent of total target bonuses, or \$3.5 million. In addition, the Committee approved funding for the CEO Discretionary Pool of ten percent of target bonuses, bringing the total MPI pool to \$3.7 million. In reaching this

Table of Contents

decision, the Committee determined that the management made significant accomplishments during the year resulting in the following key outcomes:

- Cliffs' sales and production volumes were records of 22.6 million tons and 21.7 million tons, respectively.
- Operating revenue reached \$1.2 billion, 18 percent over Plan.
- Net income was \$110.5 million excluding the gain on the sale of Cliffs' investment in International Steel Group Inc. and the reversal of deferred tax valuation allowance, both of which occurred in 2004. This represented an amount more than three times greater than Plan. Net income, including the excluded items, was \$323.6 million.
- Cliffs' post-split stock price on December 31, 2004 was \$51.93 per share, more than double the comparable price a year earlier.
- The pretax sales margin was 15 percent of revenue, compared to Plan of six percent of revenue.

The Committee also considered the fact that no bonuses were paid to management for 2003.

Long-Term Incentives

The 1992 Incentive Equity Plan ("Incentive Equity Plan") authorizes the Committee to award a variety of performance and other equity-based incentives in its discretion.

Under the Incentive Equity Plan, a long-term performance share program ("Performance Share Program") was installed in 1994 to further align the interests of the executive officers and key management employees with the shareholders. The Performance Share Program provided the executive officers the opportunity to receive shares of Company stock ("Performance Shares") or, at the Committee's discretion, equivalent cash value, based on Company performance against specific financial objectives. Starting in 1994, grants of Performance Shares have been made annually to the executive officers based on responsibility level. Starting in 2000 the Committee replaced the Performance Share Program with a Long-Term Incentive Program ("LTI Program"), which combines awards of Performance Shares under the Incentive Equity Plan with cash-based retention awards.

The cash-based retention awards, included in the LTI Program, assist the Company in retaining key executives. In 2004, the Committee awarded executive officers 15 percent of their target long-term, incentive opportunity in the form of retention units ("Retention Units"), and the balance in the form of Performance Shares. Each Retention Unit represents the value of one Common Share, which is payable in cash based on the participant's continued employment throughout the three-year retention period. Additional details about the 2004 awards of Retention Units to the named executive officers are presented in footnote six to the "Summary Compensation Table" on page nine.

The Retention Units granted on February 1, 2002 to the named executive officers (excluding Mr. Gunning) as shown on the "Summary Compensation Table" on page 9, vested on December 31, 2004 and were paid out in cash on March 4, 2005. The Company's closing stock price on December 31, 2004 of \$51.93 per share was used to determine the value of such payout.

The Performance Shares granted under the LTI Program to the named executive officers will measure performance for the period 2004-2006 on the basis of three factors: (1) relative total shareholder return, (2) three year average pre-tax return on net assets ("Pre-Tax RONA"), and (3) accomplishment of strategic objectives. The Committee has used Pre-Tax RONA since 2003 as a performance measure for awards under the LTI Program. Additional details about the 2004 grants of Performance Shares to the named executive officers are discussed under "Long-Term Incentive Plans — Awards In Last Fiscal Year" on page 10.

The third set of performance measures applicable to Performance Shares awarded under the LTI Program affords executive officers the opportunity to earn up to an additional 25 percent of target Performance Share awards. These measures are based on a subjective evaluation by the Committee of performance relative to the Company's strategic objectives, including specific business activities. If these objectives are not met, the Committee can also exercise its discretion to reduce awards earned under the first two performance measures by up to 25 percent of target performance. The percentage of Performance Shares earned overall can range from zero to 175 percent of the target number of shares.

Table of Contents

In January, 2005 the Committee confirmed that, for the three-year performance period ended December 31, 2004, the Company achieved an average performance of 75 percent in respect to the Company's objective for total shareholder return, 62.06 percent in respect to the Company's Return on Net Assets and an additional 25 percent in respect to the Company's performance on strategic objectives. This provided a total performance factor of 162.05 percent for the 2002 through 2004 incentive period. This compares to performance payouts of 54 and 42 percent, respectively, for the periods ending December 31, 2002 and 2003.

The number of shares calculated to be earned by participants is determined on the basis of the 162 percent performance factor. However, actual payouts are capped under the Performance Share Plan. Specifically, the Plan provides that the value of the number of shares to be earned as Performance Shares Earned at the end of any incentive period shall not exceed a value determined by multiplying the number of shares calculated to be earned by a participant by twice the market price of a common share on the date of the Performance Share grant. Furthermore, the plan specifies that the actual number of Performance Shares earned will be reduced to the extent necessary to prevent the calculated payout value from exceeding the maximum value cap. The Committee approved a payout of 135,728 shares for the period ended December 31, 2004, the value of which is shown in the LTIP Payouts column of the "Summary Compensation Table" on page 9.

The Committee believes that the limit on the share price appreciation that can accrue to the benefit of the participants in the LTI Program is a prudent provision that limits the potential accounting charges from the Performance Shares and protects against windfall gains to management from non firm-specific movements in stock price over the performance period. However, the Committee also recognizes that this limit on share price appreciation for payouts under the program is more restrictive than typical market practices for share-based plans. The Committee noted that a nearly six-fold increase occurred in share price of the Company's stock from the grant date to December 31, 2004 (from \$8.67, split-adjusted, to \$51.93). The Committee believes that the management team of the Company was significantly responsible for positioning the Company to benefit from the current industry conditions that have helped drive the increase in shareholder value realized over the performance period.

As a result, in March of 2005, in recognition of the significant performance of the Company over the period, and taking in consideration typical market practices for similar programs, the Committee has approved a supplemental grant of 67,921 Restricted Shares payable to certain participants under the Incentive Equity Plan. The Restricted Shares have a three-year vesting period.

Deferred Compensation

Under the Company's Voluntary Non-Qualified Deferred Compensation Plan ("VNQDC Plan"), officers and other senior management employees are permitted to defer, on a pre-tax basis, up to 50 percent of their base salary and all or a portion of their bonus under the MPI Plan, or their stock award or cash award which may be payable under the LTI Program. The VNQDC Plan also permits the exchange of cash bonus awards under the MPI Plan and deferred cash balances held in the VNQDC Plan for Company stock with a 25 percent Company match. Under the terms of the VNQDC Plan, any participant electing to take an early withdrawal from such plan for deferral made prior to 2005 is prohibited from participating in such plan for two years following the plan year in which such election is made.

Additionally, in order to have the VNQDC comply with changes required by the Economic Growth and Tax Relief Reconciliation Act of 2001, the Job Creation and Worker Assistance Act of 2002, the Jobs and Growth Tax Relief Reconciliation Act of 2003, the Pension Funding Equity Act of 2004 and the American Jobs Creation Act of 2004, as well as with other governmental rules and regulations applicable to the Plan, the Committee authorized certain amendments to the VNQDC. These amendments took effect January 1, 2005, and did not result in increased benefits for Officers or Directors of the Company and did not result in increased liabilities or contributions to the Plan and related Trusts.

In 2004, one executive officer, one elected officer, and two mine general managers were participating in the VNQDC. In 2005, five executive officers, four elected officers, and three mine general managers are eligible to participate in the VNQDC Plan.

Stock Options

During 2004, the Company did not award any stock options to executive officers.

Restricted Stock

During 2004, the Company did not award any restricted stock to executive officers.

Executive Retention Program

Early in 2001 the Committee increased the incentives offered to certain officers and key managers to continue their employment with the Company. The Executive Retention Plan offered eight officers, including the named executive officers (except for Mr. Gunning), and five other key managers, the opportunity to earn up to a total of two times their salary if they remained employed by the Company through March 31, 2004. The first half of this total was paid out to participants who remained on the payroll through March 21, 2003. The final half was paid to those participants who were actively employed on March 31, 2004. The payments were contingent on achievement of multiple performance factors individually tailored to the job requirements of each participant.

In 2001, the Committee also acted to reduce the possibility that participants in the Company's nonqualified Supplemental Retirement Benefit Plan ("Supplemental Plan") might terminate employment with the Company in order to realize the benefits under the Supplemental Plan. Amounts equal to the present value of the accrued vested pension benefits payable under the Supplemental Plan as of December 31, 2000 were paid out in full in February, 2001 to all participants in a lump sum. Subsequent accrued benefits have been and will continue to be paid out annually and may be paid out more frequently, as determined by the Committee. Amounts totaling \$66,508 accrued during 2004 will be paid out in March, 2005 in lump sums to all participants, including the named executive officers (except Messrs. Gunning and Kummer).

Chief Executive Officer Compensation

Mr. Brinzo's current base salary is \$575,000, with a target bonus of 60 percent of base salary. A MPI Plan award of \$700,000 was made to Mr. Brinzo for 2004, based on the same factors considered for other executive officers, as discussed under Annual Bonus on page 9.

Mr. Brinzo's LTI Program payout of his 2002 grant was calculated in the same way as the payout to all other participants as discussed on page 12 under Long-Term Incentives. Mr. Brinzo received 45,993 Common Shares with respect to the payout of his 2002 Performance Share grant for the three-year performance period ending December 31, 2004. Mr. Brinzo was granted 37,230 Performance Shares and 6,570 Retention Units in 2004 under the LTI Program, for the performance period 2004-2006, which will be earned under the same criteria as Performance Shares and Retention Units granted to all other executive officers in 2004 as discussed under "Long-Term Incentive Plans — Awards in Last Fiscal Year" on page 10.

Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code limits the deductibility of certain executive compensation in excess of \$1 million. The aggregate combination of distributions from the Supplemental Plan, payments under the Executive Retention Plan in 2004, LTI Program payouts, vesting of restricted stock and exercises of stock options has caused, with respect to 2004, the \$1 million limit to be exceeded with respect to four of the named executive officers, and will cause in 2005, the \$1 million limit to be exceeded with respect to one or more of the named executive officers. Accordingly, the Company expects that some portion of such payments to the named executive officers for 2005 will not be deductible. The Company believes that it is important to maintain compensation programs that are competitive and motivate executives irrespective of the deductibility of such payments under the Internal Revenue Code.

The foregoing report has been furnished by the members of the Compensation and Organization Committee as set forth below:

PENSION BENEFITS

The Company sponsors a qualified defined benefit pension plan, which together with the Supplemental Plan described below, provides retirement income to employees.

For service with the Company through June 30, 2003, the benefits provided by the qualified pension plan at age 65 are generally based on a 1.65% pension formula. For each year of service up to June 30, 2003, the plan provides 1.65% of Average Annual Compensation. Average Annual Compensation is defined as the average annual compensation earned during the 60 consecutive months providing the highest such average during the last 120 months preceding June 30, 2003. The benefit is subject to an offset of 50% of Social Security benefits through June 30, 2003.

For service with the Company after June 30, 2003, benefits provided by the qualified pension plan at age 65 are based on a cash balance formula. An account is established for each participant and credited on a quarterly basis with a benefit amount equal to up to 13 percent of the participant's annual earnings depending on the participant's age and service. Interest is credited to the account balance on a quarterly basis. At retirement, the accumulated account balance can be paid as either a lump sum or actuarially equivalent annuity.

The Internal Revenue Code of 1986 ("Code") places limitations on the benefits that may be paid from a qualified pension plan. The Company has a non-qualified Supplemental Retirement Benefit Plan ("Supplemental Plan") providing for the payment from general funds of the benefits that would be lost by Supplemental Plan participants as a result of present or future Code or other government limitations.

Total estimated annual benefits accrued under the qualified pension plan and the Supplemental Plan by each of the named executive officers assuming retirement at age 65 is as follows: Mr. Brinzo, \$419,200; Mr. Gunning, \$28,200; Mr. Calfee, \$230,700; Mr. Gallagher, \$105,700; and Mr. Kummer, \$57,700.

In fulfillment of the Company's obligations under the Supplemental Plan accrued through December 31, 2000, amounts equal to the present value of the accrued vested benefits payable under the Supplemental Plan were paid out in a lump sum in February, 2001 to all participants, including the named executive officers (except Messrs. Gunning and Kummer). Subsequent accrued benefits continue to be paid out annually, and may be paid out more frequently, as determined by the Compensation and Organization Committee. Amounts accrued during 2004 will be paid out in a lump sum in March, 2005 to the named executive officers as follows: Mr. Brinzo, \$47,775; Mr. Gunning, -0-; Mr. Calfee, \$13,584; Mr. Gallagher, \$3,413; and Mr. Kummer, -0-.

The compensation used to determine benefits under the Company's pension plans is the sum of salary and bonus paid to a participant during a calendar year. Pensionable earnings for each of the Company's named executive officers during 2004 include the amount shown for 2004 in the Salary column of the "Executive Compensation Table" on page 9, plus the amount of bonus earned in 2003 and paid in 2004, as shown in the Bonus column of the "Executive Compensation Table" for 2003. Pensionable earnings in 2004 for Messrs. Brinzo, Gunning, Calfee, Gallagher, and Kummer were \$568,750, \$357,750, \$309,000, \$237,500 and \$217,500 respectively. Messrs. Brinzo, Gunning, Calfee, Gallagher, and Kummer have 35, 4, 32, 23, and 4 years, respectively, of credited service under the Company's qualified pension plan.

AGREEMENTS AND TRANSACTIONS

Effective January 1, 2000, the Company entered into severance agreements with named executive officers John S. Brinzo, Director, Chairman, President and Chief Executive Officer, William R. Calfee, Executive Vice President – Commercial, and Thomas J. O’Neil, President – Cliffs International Division; effective April 16, 2001, the Company entered into a severance agreement with named executive officer David H. Gunning, Director and Vice Chairman; and effective March 9, 2004, the Company entered into a severance agreement with named executive officers, Edward C. Dowling, Executive Vice President – Operations and Donald J. Gallagher, Senior Vice President, Chief Financial Officer and Treasurer (“Agreements”). The Agreements with Mr. O’Neil and Mr. Dowling were terminated upon their terminations from the Company on June 30, 2004 and October 31, 2004, respectively. The Agreements specify certain financial arrangements that the Company will provide upon the termination of such officers’ employment with the Company under certain circumstances. The Agreements are intended to ensure continuity, stability and fair treatment of such executive officers of the Company in the event of a “change in control” of the Company (as defined in the Agreements). The terms of the Agreements are automatically extended on January 1 of each year, for an additional year, unless the Company or the officer give notice, not later than September 30 of the immediately preceding year, that it or they do not want the terms extended. The terms currently expire on December 31, 2006.

Under the Agreements, if during the two-year period following a “change in control”, the officer is terminated by the Company without “cause”, or resigns after (1) not being maintained in his or her prior position, (2) being reduced in duties, compensation or benefits, (3) determining he or she is unable to carry out his or her duties and responsibilities, or (4) being relocated without his or her consent (and also in the case of J. S. Brinzo, resigns within 30 days following the first anniversary of a “change in control”), such officer would be entitled (a) to lump sum payments of three years of base pay and incentive compensation, (b) to a lump sum payment of the then present value of the unfunded pension benefits that he or she would be entitled to receive three years after his or her termination of employment, and (c) to continue participation in medical and other welfare benefit plans for three years after his termination of employment. The Agreements also entitle the officers to vesting of all incentive pay at the greater of target or actual performance, and medical and life insurance benefit continuation for life upon retirement or following termination, unless the termination was for “cause”. In addition, the Agreements provide that the officers are eligible for reimbursement of outplacement expenses up to 15 percent of base pay. The Company will protect the officers against any imposition of excise tax on “excess parachute” payments under the Internal Revenue Code by providing “gross up” payments to the officers. The Agreements provide that the officers will not compete with the Company for two years following their termination of employment under the Agreements.

None of these Agreements create employment obligations for the Company. Both before and after the occurrence of a “change in control”, the Company may terminate the employment of any of such officers for “cause”, without an obligation to pay severance compensation or benefits.

Effective January 1, 2000, the Company implemented the Change in Control Severance Pay Plan (“Severance Plan”), the participants of which presently include named executive officer R. L. Kummer. The Severance Plan is designed to assure continuity, stability, and fair treatment of employees in key positions in the event of a “change in control” of the Company (as defined in the Severance Plan). Under the Severance Plan, if during the two-year period following a “change in control”, in the case of a Senior Vice President, Vice President, or Secretary of the Company, a participant is terminated by the Company without “cause” or resigns after (1) not being maintained in his or her prior position, (2) being reduced in compensation or benefits, or (3) being relocated without consent, he or she is entitled to (a) receive a lump sum payment in the amount of two years of base pay and incentive compensation, (b) receive a lump sum payment of the then present value of the pension benefits that he or she would be entitled to receive two years after his or her termination of employment, and (c) continue participation in medical and other welfare benefit plans for two years after his or her termination of employment; or in the case of a Mine Manager of a Subsidiary of the Company, a participant is terminated without “cause” or resigns after (1) being reduced in compensation or benefits or (2) being relocated without consent, he or she is entitled to (a) receive a lump sum payment in the amount of one year of base salary and incentive compensation, (b) receive a lump sum payment of the present value of the unfunded pension benefits that he or she would be entitled to receive two years after his or her termination of employment, and (c) continue participation in medical and other welfare benefit plans for one year after his or her termination of employment.

Table of Contents

Participants are entitled to vesting of all incentive pay at the greater of target or actual performance, and to medical and life insurance benefit continuation for life following termination, unless the termination was for "cause". Also, participants are eligible for reimbursement of outplacement expenses up to 15 percent of base pay. The Severance Plan provides that the participants will not compete with the Company for the two or one year period for which they are receiving severance pay. Individuals who would be covered by the Severance Plan, but who receive severance pay and benefits pursuant to the Agreements or another plan or agreement signed on behalf of the Company, are not entitled to benefits under the Severance Plan. All benefits payable under the Severance Plan are to be derived from the Company's then current operating funds. None of the obligations of the Company described above exist unless a "change in control" has occurred. The Company will protect the participant against imposition of any excise tax on "excess parachute" payments under the Code by providing "gross up" payments to the participant. The termination date of the Severance Plan has been automatically extended through December 31, 2006, and will be automatically extended on January 1 of each year following, unless the Company gives notice that the termination date is not to be extended.

The Company has two trust agreements with KeyBank National Association which relate to the Agreements and the Severance Plan. The first such trust agreement provides for the payment of the benefits arising under the Agreements, and the second trust agreement provides for reimbursement of legal fees and expenses incurred by the officers in enforcing their rights under the Agreements and by the key employees under the Severance Plan.

The Company has indemnification agreements ("Indemnification Agreements") with each current member of the Board of Directors. The form and execution of the Indemnification Agreements were approved by the Company's shareholders at the Annual Meeting convened on April 29, 1987. Such Indemnification Agreements essentially provide that to the extent permitted by Ohio law, the Company will indemnify the indemnitee against all expenses, costs, liabilities and losses (including attorneys' fees, judgments, fines or settlements) incurred or suffered by the indemnitee in connection with any suit in which the indemnitee is a party or otherwise involved as a result of his or her service as a member of the Board. In connection with the foregoing Indemnification Agreements, the Company has a trust agreement with KeyBank National Association pursuant to which the parties to the Indemnification Agreements may be reimbursed with respect to enforcing their respective rights under the Indemnification Agreements.

In order to promote mutual appreciation of management and union interests, the Company and the United Steel Workers of America ("USWA") reached a new agreement in 2004 on a process under which the Union may designate a member of the Board of Directors of the Company, provided that individual is acceptable to the Chairman. This agreement supercedes a general understanding between the USWA and certain Company subsidiaries reached in 1993. Such designee would be subject to annual nomination by the Company, election by vote of the shareholders, and all laws and Company policies applicable to the Board of Directors. In the event a member is designated in the future, the total number of Directors will be increased to include such designee. This arrangement is concurrent with the U.S. labor agreements which may be terminated by either party on September 1, 2008.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 ("Exchange Act") requires the Company's Directors and officers and persons who own ten percent or more of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC. Directors, officers and ten percent or greater shareholders are required by SEC regulations to furnish the Company with copies of all Forms 3, 4 and 5 they file.

Based solely on the Company's review of the copies of such Forms it has received, and written representations by such persons, the Company believes that all of its Directors, officers and beneficial owners of more than 10 percent of our Common Shares complied with all filing requirements applicable to them with respect to transactions in the Company's equity securities during the fiscal year ended December 31, 2004. For the 2003 fiscal year, J. A. Trethewey did not file a Form 5 regarding transfer of ownership of Common Shares to his spouse. When this was discovered in 2004, Mr. Trethewey filed a Form 4 reporting this transaction.

AUDIT COMMITTEE REPORT

The Audit Committee of Cleveland-Cliffs Inc Board of Directors (“Committee”) is composed of four independent directors and operates under a written charter adopted by the Board of Directors. The charter is reviewed and reassessed for adequacy annually by the Committee and reviewed by the Committee with the Board of Directors. The Committee reviewed the existing charter at its March, 2005 meeting and determined that no changes were required. A copy of the charter is available at <http://www.cleveland-cliffs.com> website and is also available on request at (800) 214-0739.

The members of the Committee are Richard K. Riederer (Chairman), James D. Ireland III, John C. Morley, and Stephen B. Oresman, all of whom are independent of the Company in accordance with the listing standards of the New York Stock Exchange, and meet the financial literacy and accounting or financial management expertise necessary to effectively discharge their responsibilities. The Committee retains the Company’s independent auditors. In 2004, the Committee dismissed Ernst & Young LLP as independent auditors and appointed Deloitte & Touche LLP.

Management is responsible for the Company’s financial statements, systems of internal control and the financial reporting process. Management is also responsible to assert, as of December 31, 2004, to the effectiveness of the Company’s system of internal control over financial reporting in compliance with Sarbanes-Oxley Section 404 (“SOX 404”). The independent auditors are responsible for performing an audit of the Company’s consolidated financial statements in accordance with Public Company Accounting Oversight Board (“PCAOB”) standards and to issue a report thereon. The independent auditors are also responsible for performing an audit of the Company’s system of internal control for financial reporting and to report on the acceptability of management’s assertion for SOX 404 and to provide an independent attestation as of December 31, 2004. The Company’s cost of compliance with SOX 404 in 2004 was approximately \$1.3 million (out of pocket) plus more than 7,000 employee hours. The Committee’s responsibility is to monitor and oversee these financial reporting processes on behalf of the Board of Directors. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management and the independent auditors, including a discussion of the quality, not just the acceptability, of the accounting principles; the reasonableness of significant judgments; and the clarity of disclosures in the financial statements. The Committee also reviewed management’s report on their review of the system of internal control for financial reporting.

In this context, the Committee met 11 times in 2004 and held discussions with management and the independent auditors. The Committee also regularly met, in separate executive session, with independent auditors, the Company’s chief internal auditor, and management. Furthermore, the Committee has reviewed the results of its executive sessions with the Chief Executive Officer, as appropriate.

Management has represented to the Committee that the Company’s consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Committee has reviewed and discussed the consolidated financial statements and critical accounting policies with management and the independent auditors. The Committee discussed with the independent auditors matters required to be discussed under PCAOB standards and any other matters required to be discussed under applicable standards.

The Company’s independent auditors also provided to the Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent auditors that firm’s independence, including consideration of the compatibility of non-audit services with the auditors’ independence.

Based on the Committee’s discussion with management and the independent auditors and the Committee’s review of the representation of management and the report of the independent auditors to the Committee, the Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company’s Annual Report on Form 10-K for the year ended December 31, 2004 filed with the Securities and Exchange Commission.

RATIFICATION OF INDEPENDENT AUDITORS

(Proposal No. 2)

Dismissal of Ernst & Young LLP

Effective as of August 20, 2004, the Company dismissed Ernst & Young LLP (“E&Y”) as the independent auditor of the Company. The decision to change independent auditors was made by the Audit Committee of the Company’s Board of Directors. The audit reports of E&Y on the Company’s financial statements for the fiscal years ended December 31, 2003 and December 31, 2002 did not contain any adverse opinion or disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal years ended December 31, 2003 and December 31, 2002, and the period through the dismissal of E&Y, there were no disagreements with E&Y on any matter of accounting principles or practices, financial statement disclosure, or audit scope or procedures, which disagreements, if not resolved to E&Y’s satisfaction, would have caused them to make reference to the subject matter of the disagreement in connection with their report on the Company’s financial statements for such years.

During the fiscal years ended December 31, 2003 and December 31, 2002, and the period through the dismissal of E&Y, E&Y did not advise the Company with respect to any of the matters described in paragraphs (a)(1)(v)(A) through (D) of Item 304 of Regulation S-K.

Appointment of Deloitte & Touche LLP

Effective as of August 25, 2004, the Audit Committee engaged Deloitte & Touche LLP (“Deloitte”) as its independent auditor to audit the financial statements of the Company and its consolidated subsidiaries for the fiscal year ending December 31, 2004. The appointment of the new auditors was made by the Audit Committee of the Board of Directors. Representatives of Deloitte are expected to be present at the Meeting. Such representatives will have an opportunity to make a statement if they so desire and are expected to be available to respond to appropriate questions.

During the fiscal years ended December 31, 2003 and December 31, 2002 and through the date of the appointment of Deloitte, the Company did not consult with Deloitte regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed; (ii) the type of audit opinion that might be rendered on the Company’s financial statements; or (iii) any matter that was either the subject of disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K) or a reportable event (as defined in Item 304(a)(1)(v) of Regulation S-K).

Independent Auditors Fees and Services

Fees for professional services provided by our independent auditors in each of the last two fiscal years, in each of the following categories (in thousands) are as follows:

	2004	2003
Audit Fees (1)	\$1,574	\$627
Audit-Related Fees (2)	36	105
Tax Fees	35	—
Total	\$1,645	\$732

(1) Audit Fees consist of fees and expenses billed for professional services rendered for the audit of the Company’s annual consolidated financial statements for the years ended December 31, 2004 and 2003, audit of internal controls over financial reporting for the year ended December 31, 2004, and reviews of the interim financial statements included in quarterly reports and services that are normally provided by the Company’s independent auditors in connection with regulatory filings.

(2) Audit-Related Fees consist of fees billed primarily for accounting consultations, employee benefit plan audits and agreed-upon procedures.

Table of Contents

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the Company's independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee has delegated pre-approval authority to the Audit Committee Chairman, or any Audit Committee Member in his absence, when services are received on an expedited basis, with such pre-approval disclosed to the full Audit Committee at its next scheduled meeting. None of the fees paid to the independent auditors under the categories "Audit-Related" and "Tax Fees" described above were approved by the Audit Committee after services were rendered pursuant to the de minimis exception established by the Securities and Exchange Commission.

The Board of Directors recommends that you vote FOR ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditors for the fiscal year ending December 31, 2005.

ANNUAL REPORT

The Company's 2004 Annual Report to Shareholders, including financial statements, is being distributed to all shareholders of the Company together with this Proxy Statement, in satisfaction of the requirements of the SEC. Additional copies of such report are available upon request. To obtain additional copies of such Annual Report, please contact the Company's Investor Relations Department at (800) 214-0739 or (216) 694-5459.

GENERAL INFORMATION

The cost of soliciting proxies will be paid by the Company. In addition to solicitation by mail, solicitations may also be made by personal interview, telegram and telephone. Arrangements will be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy material to their principals, and the Company will reimburse them for their expenses in so doing. Officers and other regular employees of the Company, as yet undesignated, may also request the return of proxies by telephone, telegram, or in person. Finally, the Company has retained Georgeson Shareholder Communications Inc., New York, New York, to assist in the solicitation of proxies using the means referred to above, at an anticipated cost of \$10,000, plus reasonable expenses.

Pursuant to regulations of the SEC, the material appearing under the captions "Audit Committee Report," "Audit Committee Charter," "Compensation Committee Report on Executive Compensation" and "Shareholder Return Performance" are not deemed to be soliciting material or to be filed with the SEC or subject to Regulation 14A (other than as provided therein) promulgated by the SEC or Section 18 of the Exchange Act, except to the extent that the Company specifically incorporates this information by reference into any filing under the Securities Act or the Exchange Act.

The Common Shares and Preferred Shares represented by properly authorized proxies will be voted as specified. It is intended that the Common Shares and the Preferred Shares represented by proxies on which no specification has been made will be voted FOR the election of the nominees for Director named herein and for the ratification of Deloitte & Touche LLP as independent auditors for the fiscal year, or such substitute nominees as the Board of Directors may designate and at the discretion of the persons named as proxies on all other matters which may properly come before the Meeting.

At the Meeting, the results of shareholder voting will be tabulated by the inspector of elections appointed for the Meeting. The Company intends to treat properly authorized proxies as "present" for purposes of determining whether a quorum has been achieved at the Meeting. The candidates for Directors receiving a plurality of the votes will be elected. Votes withheld and broker non-votes in respect of the election of Directors will not be counted in determining the outcome of that vote. Abstentions will be counted as cast with respect to a proposal and have the same effect as votes against the certification of Deloitte & Touche LLP as independent auditors. Broker non-votes will not be counted as cast for the proposal.

If notice in writing shall be given by any shareholder to the President, a Vice President or the Secretary, not less than 48 hours before the time fixed for the holding of the Meeting, that such shareholder desires that the voting for the election of Directors shall be cumulative, and if an announcement of the giving of such notice is

[Table of Contents](#)

made upon the convening of the Meeting by the Chairman or Secretary or by or on behalf of the shareholder giving such notice, each shareholder shall have the right to cumulate such voting power as he or she possesses at such election. Under cumulative voting a shareholder may cast for any one nominee as many votes as shall equal the number of Directors to be elected, multiplied by the number of his or her Common Shares and/or Preferred Shares. All of such votes may be cast for a single nominee or may be distributed among any two or more nominees as he or she may desire. If cumulative voting is invoked, and unless contrary instructions are given by a shareholder who signs a proxy, all votes represented by such proxy will be cast in such manner and in accordance with the discretion of the person acting as proxy as will result in the election of as many of the Board of Directors' nominees as is possible.

OTHER BUSINESS

It is not anticipated that any other matters will be brought before the Meeting for action; however, if any such other matters shall properly come before the Meeting, it is intended that the persons authorized under proxies may, in the absence of instructions to the contrary, vote or act thereon in accordance with their best judgment.

SHAREHOLDER PROPOSALS

Deadline for Inclusion in Proxy Materials

Any proposal by a shareholder of the Company intended to be presented at the year 2006 Annual Meeting of Shareholders must be received by the Company on or before November 21, 2005 to be included in the proxy materials of the Company relating to such meeting.

Discretionary Voting of Proxies

In accordance with amendments to Rule 14a-4 under the Exchange Act, if notice of a proposal by a shareholder of the Company intended to be presented at the year 2006 Annual Meeting of Shareholders is received by the Company after February 4, 2006, the persons authorized under the Company's management proxies may exercise discretionary authority to vote or act on such proposal if the proposal is raised at the Company's 2006 Annual Meeting of Shareholders.
